

HARDAGE IS RECEIVER FOR THE LOCAL CAR SYSTEM

Hurrying Preparations for President Wilson's Speaking Tour

COST OF OPERATION GIVEN AS REASON OF THE PETITION FILED IN FEDERAL COURT

Statement by Speer Says Court Administration Only Way Out.

NO INTERRUPTION OF THE SERVICE IS ANTICIPATED

Hardage Declares He Knows Nothing of Proposing Six Cent Fares.

A. A. Hardage, president of the Central National bank, today was named receiver for the North Alabama Traction company, operators of the local street car system. The company was placed in the hands of a receiver by the Federal court, of Birmingham, Judge Grubb presiding. The court action was taken, it was stated here, on petition of J. J. Henry, of New York. The outstanding bonded indebtedness of the company is \$150,000.

A statement issued by the local superintendent, W. R. Speer, today declared the company had been unable to make both ends meet in view of the phenomenal increases in the cost of operation and maintenance and the prospect of further expenditures for street improvements.

Mr. Hardage expected to qualify today. He will mail his bond to Judge Grubb and when it is approved will immediately enter upon his new duties.

No Interruption of Service
The local system will suffer no interruption of service, Mr. Hardage said. Today the lines were in operation under the direct management of W. R. Speer.

"Do you contemplate asking for an increase of fares to six cents as was done recently in Birmingham," Mr. Hardage was asked.

"There will be no request for increased fares that I know of now," Mr. Hardage replied. "The operation of the cars will continue without interruption."

The following statement was made today by Mr. Speer:

The North Alabama Traction Company has been continuing the operation of its line during the period of high prices with great difficulty. We hope that after the war the prices of material and the cost of operating would decline, but they seem to have increased, instead. The company has found it impossible to run and pay the high price of every commodity that is needed in its operation. It has also been laboring very heavily under the burden of street assessments for paving which have been levied against its property, both in Albany and in Decatur, and, with the prospect of additional work of this kind being done, there seemed to be nothing else to do but to place the property in the hands of the court for administration.

WORK IS STARTED ON TWO BUILDINGS BY BEN F. MARTIN

J. N. Abbott, contractor who built the Decatur City Hall and Benevolent Hospital started work this morning on two buildings for the Quality Laundry, Vine street, Decatur. One building 50x50, will join the present laundry building and will be occupied by new and modern laundry machinery. The other building, directly back of the laundry, will also be 50x50 feet and will contain, when completed, one of the most modern carpet cleaning plants in the south. The two buildings are expected to be completed within forty days, and Ben F. Martin, proprietor, hopes to have the new carpet cleaning machinery in operation within sixty days.

EARL TURNER SHOT IN THE SHOULDER BY OLIVER THORNTON

Earl Turner, an employee of the Louisville and Nashville shops, was shot and painfully wounded this morning by Oliver Thornton, another employee of the shops, who later escaped. The affray occurred in the lobby of the Y. M. C. A.

According to Pete Lee, a bystander who witnessed the shooting, Turner walked into the building and had almost reached the head of the steps leading to the bowling alley on the lower floor when Thornton opened fire, the bullet entering Turner's shoulder.

Turner fled through a rear door and got out of the building on Second avenue, near the car barn, turning up the avenue he is said to have started toward the business district, when Thornton, coming out of the front door of the "Y" shot at him again. Turner was treated at the office of Dr. M. W. Murray. The shooting was done with a .32 calibre pistol. It is alleged to have followed an altercation in the shops this morning.

COL. HOUSE IS ON HIS WAY TO U. S.; BREAK RUMORED

(International News Service.) WASHINGTON, Aug. 27.—Col. E. M. House, who since last November has been in Paris as a member of the American peace commission, will return to America next month it was learned today. He will be accompanied by Lord Grey, the newly appointed ambassador to the United States and will land about September 15.

Revival of the report that there had been a break between Col. House and President Wilson reached this country in press dispatches but were said today in authoritative sources to be entirely without foundation. Whether Col. House will return to Paris or a successor be appointed to him was not learned today.

Drive on Liquor Dealers is Opened

(International News Service.) CHICAGO, Aug. 27.—Four arrests, including officials of several large breweries, are looked for today in the drive of U. S. District Attorney Kline on the liquor business, which he charge is thriving here despite the war time prohibition laws. At the same time the liquor people have laid plans to fight the efforts of the district attorney.

GARY REFUSES TO TREAT WITH UNIONS

(International News Service.) NEW YORK, Aug. 27.—A letter to representatives of the organized steel workers of the United States Steel corporation, Judge Elbert H. Gary, chairman of the corporation, today adhered to the policy of the corporation and refused to discuss business with the unions or their representatives.

MERCHANTS WILL MEET TONIGHT TO DISCUSS NEW BILL

Merchants of Albany and Decatur will meet tonight at 8 o'clock in the rooms of the Albany Board of Commerce, it was announced today, to discuss the proposed bill, now pending in the legislature requiring all merchants to put both their retail and wholesale prices on all articles. The figures, the law provides, must be written in plain figures.

The introduction of the measure has precipitated a storm of protest in business circles all over the state and much opposition to it has been aroused among the solons.

D. A. R. WILL STAGE 'TAG DAY' FOR AID OF RURAL SCHOOLS

The local chapter of the Daughters of the American Revolution will stage a tag day, Labor Day for purpose of raising funds to aid in the construction of rural school houses in the county, it was announced today.

The educational plans, undertaken by the patriotic organization, is considered one of the most important movements it has undertaken and it is expected the tags will be purchased in liberal quantities. A number of pretty local girls will invade the principal thoroughfares.

Senators Wax Warm in Fight on Treaty

(International News Service.) WASHINGTON, Aug. 27.—The peace treaty was the center of a heated fight on the floor of the senate among Republican senators today, which started when Senators Fall, of New Mexico, Nelson of Minnesota and McCumber of North Dakota engaged in a battle of words which at times threatened physical encounters.

SPECULATION RIFE OVER OUTCOME OF STRIKE BALLOTING BY SHOP WORKERS

B. M. Jewel Refuses to Predict the Outcome of Voting Over Nation.

MAY HEAR RESULTS IN TWO WEEKS INDICATED

Results Will Be Telegraphed to Officials of the Allied Crafts.

(International News Service.) WASHINGTON, Aug. 27.—What the next move of the government will be in the event that the 500,000 railroad shopmen of the United States vote to strike for an immediate increase in wages was being made a question for speculation in official circles today.

It was the consensus of opinion, however, that the government action is that such an eventuality has not yet been considered and there were indications that for the time being the attitude of the officials would be "to cross that bridge when they come to it."

Labor leaders pointed out it would require about three weeks to take a strike vote among the half million men involved but at the instant orders have been given that the balloting be expedited and the returns made by wire with the possibility that the results will be known in two weeks.

B. M. Jewel refused today to predict what the outcome of the balloting would be.

TRAIN SERVICE ON THE COAST IS INTERRUPTED

(International News Service.) SAN FRANCISCO, Aug. 27.—Train service to the outside world was completely tied up here today as a result of the sympathetic strike of railway workers which has been creeping up the coast from Los Angeles. All lines out of Oakland, Cal., have been closed down also.

SERIES OF CONFERENCES IN PROGRESS AT GOTHAM

(International News Service.) NEW YORK, Aug. 27.—A series of conferences was in progress here today between labor leaders and Samuel Gompers, president of the American Federation of Labor. He saw leaders of the organizations in which strikes seem imminent, namely the railroad workers and the steel workers.

SOLUTION WAGES PROBLEM IN LIVING COST SAYS STONE

(International News Service.) CLEVELAND, O., Aug. 27.—"No matter how high you make wages living costs have demonstrated they can climb just as fast," it was declared here today by Warren S. Stone, president of the Brotherhood of Locomotive Engineers. The solution of the wages problem, he declared, lies in a reduction of living costs more than in increased wages.

IS NO PROSPECT FOR TROUBLE LEADER STATES

(International News Service.) NEW YORK, Aug. 27.—Prospects of immediate trouble in the steel industry in which 400,000 workers are threatening to strike are not apparent, leaders of the workers said today. John Fitzpatrick, chairman of the workers' delegation, which unsuccessfully sought a personal interview with E. H. Gary, chairman of the U. S. Steel Corporation, declared the situation is "satisfactory."

"No one can foretell the outcome of this, but I do not see the probability of immediate trouble." Leaders of the workers were awaiting today a reply to their written communication sent to Judge Gary last night.

CHICAGO SHOPMEN MEET SUNDAY TO DISCUSS OFFER

(International News Service.) CHICAGO, Aug. 27.—A call for a mass meeting Sunday of Chicago railway shopmen to take action on an offer of four cents and hour wage increases, made by President Wilson.

ALBANY BOOSTERS CONCLUDE BIG DAY WITH BANQUET ON "GAME CHOWDER"

Welcomed by Large Crowds at All Points on the Itinerary

FEAST IS SPREAD AT SLIP-UP FOR LOCALS

Worst Roads in Morgan County Fail to Halt Caravan.

The Albany Boosters wended their way homeward shortly before dusk yesterday afternoon after one of the most enjoyable day's trips they have yet undertaken. The day was brought to a close with a banquet of game chowder at Slip-Up. The menu was prepared under the direction of big, jovial George Russell and E. H. Allison an old-time booster, assisted by several prominent residents of the community. The Boosters today were loud in their praise of the chowder and accessories.

Fifteen cars were in the caravan which left Second avenue for Flint shortly after eight o'clock Tuesday morning. A large crowd awaited the Boosters there due largely to the activities of Gus McClellan and A. J. Hemaker. Addresses were made by Fred Tidwell and Walter Chenault and the usual band program rendered.

The Boosters' next stop was on Main and Highway streets, in the heart of Hartselle. They entered the bustling little city with flying colors and were received heartily by a large crowd of business men and farmers.

The meeting was called to order by Jim Simpson, who presented Captain R. A. Burleson, commander of the Morgan county post of the American Legion, who delivered a forceful and eloquent address. Captain Burleson declared Hartselle is growing so rapidly that the annexation of Danville, Falkville and Somerville is coming and unless Albany and Decatur get busy they will be included. Responses were made by A. G. Patterson and Dr. W. P. Wilks.

The Boosters were told it would be impossible for them to reach Oak Ridge, the next stop, but they lived up to their reputation of putting over anything they tackle and to Oak Ridge they went. A large crowd welcomed them, the welcome address being delivered by Asbury Sparkman. Addresses were also made by Marvin Rankin, Dr. Wilks, Secretary Henley and others.

A protracted meeting was in progress at Neal and the Boosters waited until the services were over after which a great crowd gathered to welcome them. Addresses were made by Prof. McGee and members of the local party.

En route to Danville the worst roads in Morgan county were encountered. Another big crowd awaited them there and they were welcomed by John W. Tomlinson, A. G. Patterson was master of ceremonies and addresses were made for the Boosters by Fred Tidwell, a native of the town, Ernest Carnes, county farm agent, Dr. Wilks and others.

The Boosters were running late on account of the bad condition of the roads and the big crowd at Hodges' Store waited for them more than two hours. The program was opened with an address by Webb Speake, followed by short talks by John L. Proctor, W. M. Chenault, Phil Humphrey, Dr. Wilks and Ernest Carnes.

At Oakville addresses were delivered by Fred Tidwell, A. G. Patterson, Roger Gardner, T. E. Williams, Secretary Henley and others. The usual program was delivered at Kitchen's Mill and a number of the residents went on to Slip-Up with the Boosters to enjoy the "feet" there.

The following is the itinerary for Thursday:

Caddo	9:30
McCulloch's Store	10:00
Moulton	11:00
Mt. Hope	12:00
Landersville	1:30
Wren	3:00

Car Strikes Buggy, Father Saves Son

A buggy occupied by E. C. Bell, his son, Clyde Rogers Bell, and Willis Hughes, was struck Tuesday night by a loop street car on Bank street. The buggy was turned completely over and the occupants were caught under it. Mr. Bell caught the small boy in his arms and prevented him from being hurt but the father sustained several painful, though not dangerous, injuries about the arms and knees.

The other occupant of the buggy, Hughes, was unhurt though he too was thrown under the vehicle. The buggy was struck from behind. It was proceeding toward Albany. The pony broke the harness and ran north to the Echols Hotel before being brought to a halt. Mr. Bell was treated at the Preuit-Dillehay Drug Company at Albany.

JASPER TURNS THE TABLES AND WINS BY A 5 TO 1 COUNT

(By Barrett Shelton.)

Jasper turned the tables on the Albany-Decatur outfit Tuesday afternoon and the locals hit the dirt with the 5-1 count against them. The whole infield and outfield of the local aggregation took to the clouds with the exception of Bingham who stood by his hurler to the last. Graham also did his best but with the support he received there was absolutely no hope.

Bruce was Jasper's choice and filled the role well, the locals getting five scattered hits off him.

Halbrooks led the hitters with two out of three while Scott of Jasper had a percentage of 1.000 but was credited with only one time up.

Locals Count First

Bruce, the opposing hurler, thought he was in for a defeat from the start but as luck would have it this was the only frame the locals showed any pep during the whole contest. Halbrooks singled to center as an opener, Stebbins sacrificed. Halbrooks took third on the throw to catch Steadman. Roberts was safe at first on Scott's error, Halbrooks crossing with the locals only marker. N. Baker hit to first and it looked as if a double death was about to occur but the second baseman dropped Scott's throw and both men were safe. F. Barnes got a pass filling the sacks. E. Barnes whiffed. Bingham went cat, Sergeant to Scott, ending the locals best hopes.

Visitors Knot Count

The gang from Jasper came back and began to hit in their half of the second. Neill singled. Scott sacrificed. Lollar struck out and the stands rejoiced in the hope that Graham would pull out of this hole. Bruce delivered with a single and Neill crossed the plate. Bruce was forced at second on Walker's fielders choice.

Neill Wins Game With Two Base Snack

Graham got into trouble after two were down in the third when Norton singled and took second when Roberts dropped Sergeant's liner to left. Neill sewed up the bout with a two sacker to left, scoring Norton and Sergeant. Scott put Neill across with a double to center but was thrown out at third in an attempt at a triple. E. Baker to N. Baker to Bingham.

The locals got another chance to count in the third but the rally was stopped by a double play. Walker to Neill to Scott.

Jasper scored in the fourth on three errors, two by the outfield and the other at second base.

A small war was started in the seventh between Neill and Umps Sorber which resulted in the benching of Neill and Orare who took his place played a good game the rest of the way. Neill later apologized to Sorber.

The game would have been a good pitchers battle had not the locals soared heavenward. Graham hurled well throughout the contest and the visitors were able to get but six hits off him.

WILSON WILL OPEN BATTLE FOR TREATY AND LEAGUE BEFORE PEOPLE IN TEN DAYS

Hopes to Reach San Francisco For Review of the Pacific Fleet.

EXACT DATE DEPARTURE NOT YET DECIDED ON

Tentative Plans Call for 25-Day Trip, If Strength Holds Up.

(International News Service.) WASHINGTON, Aug. 27.—President Wilson will start on his western speaking tour "as soon as arrangements can be made" it was stated at the White House today. The exact date of his departure probably will be decided upon within the next 48 hours, was said but White House officials were of the opinion that the start would not be made within the next ten days or two weeks. The President was represented as being hopeful that he could be in San Francisco for the review of the Pacific fleet on September 15.

The decision of the President to start in the near future is said to be one of the results of his conference yesterday with Senator Hitchcock, of Nebraska, ranking Democratic member of the senate foreign relations committee.

Tentative plans call for a 25 day trip, if the President's strength will permit.

Gompers Lauds Striking Actors

(International News Service.)

NEW YORK, Aug. 27.—A quick reply from the strike-bound theatrical owners to Samuel Gompers' endorsement of the Actor's Equity association and the principles for which it is fighting is expected today. The strikers accept Mr. Gompers' endorsement as another big step in their battle with the managers.

Aerial Patrol on Border Doubled

(International News Service.)

SAN ANTONIO, Aug. 27.—The aerial patrol of the Mexican border was doubled today, with announcement at headquarters that the first pursuit group, stationed at Selfridge Field, Mich., had been ordered to Kelly field for a permanent station. It was also announced that 1,000 additional men will arrive here within two weeks for station.

NEWSPAPERS TO THE FRONT AGAIN

Again the newspapers of the United States have had their patriotism and unselfishness tested, and again they have not proved wanting. This time it has been in the matter of disseminating information regarding the government food sales.

When it was announced that the postoffice department would distribute more than \$100,000,000 worth of surplus army foodstuffs, no appropriation was made by any department for advertising the sale. And yet, in practically every daily paper in the United States there appeared generous notices of these sales, along with prices for the various commodities and the rules for purchasing.

No private merchant, no firm or corporation, not even the richest could have purchased the publicity received by the government absolutely free. The newspapers gave their space cheerfully in the effort to lower the cost of living, to settle labor unrest and to bring peace and contentment to the land. *Gadsden Journal*

RULES FOR FLAG USE ARE STRICT

Every American loves his flag and he takes glory in displaying it on every occasion. But, the ignorance of most Americans in the set rules for use of the flag is woeful. Military officers frequently point this out. For the guidance of those who revere the flag but have a hazy idea of the strict rules which govern its use, the War Camp Community Service recently called attention of the public to a few of the rules.

They include:
The American flag never should be fastened or draped when used for decorative purposes. It always should hang flat.

The flag never is said to be at "half mast." It is flown at "half staff." And, when flown at half staff, it first should be raised to full staff and then lowered to the half.

On Memorial Day, fly the flag at half staff until noon; at full staff from noon to sunset.

Never let the flag touch the ground. In the army and navy this is an unforgivable offense.

In the military services, the flag is lowered at sunset. From private poles, however, the flag may fly at all hours, day and night. But, it's an act of respect, despite this allowance, to take the colors in at sunset.

When the American flag is flown anywhere with another from the same staff, the American flag flies uppermost.

When the flag becomes old or soiled it is an act of reverence and respect to burn it decently.—Huntsville Telegram.

The Huntsville Daily Times wants to know, if Albany and Decatur are consolidated by legislative act, what to call it. Why not be an anagram, for example, Decalban?—Mobile Register.

A happy thought, that ought to be acceptable to both places as the names of both cities are preserved in the proposed name.—Montgomery Times.

We have been repeatedly warned of the treachery of the Mexicans. If before long a lot of perfectly good Americans are ambushed and murdered it will be a surprise to nobody.

The British claim that Prohibition would be impossible in England. It is simply "impossible" with a lot of people in this country.

Now that the world is safe for Democracy, are the people in the world sane enough to enjoy Democracy.

Should the profiteers all be sent to jail there will be only one regret. The public will have to board and clothe them.

We are told to smile, and to laugh and grow fat and the like. Well we would all be glad not to take our nerves seriously, if our nerves would only let us.

Instead of living one day at a time, if it gets much more expensive we will have to live just one half a day at a time.

Is it a case at Washington of an irresistible President striking an immovable Republican Senate?

TODAY

THREE CHEERS, PLEASE.
EXPENSIVE FUNERALS.
NATURE'S BALANCE.

(By ARTHUR BRISBANE.)
(Written Friday, Aug. 15, 1919.)

All give three cheers. The powerful Government of the United States has arrested a grocer and fined him \$500 because he charged 15 cents for a pound of sugar.

That is a beginning in the grand effort to lower the high cost of living. Perhaps after a while the United States Government will discover that there is an Oil Trust in the United States. In the East, while the President was delivering his high cost of living speech, that Oil Trust added two cents a gallon to the price of kerosene. That meant a tax of 60 cents a day on every farmer using thirty gallons of kerosene in his tractor.

Attacks on cold storage, it is to be hoped, will be made intelligently.

Without cold storage there would be in winter no eggs at all for the poor, and the price of meat would be doubled.

Unfortunately cold storage, which should have made it possible to carry eggs, meat, fish and other foods at an even and lower price throughout the year, has been made, like other machinery, an instrument of extortion and monopoly.

The sewing machine, that should have ended the slavery of the needle, actually created the sweat-shop, and made the condition of workers worse than it was before. Labor unions are gradually changing that.

Perhaps unions of citizens will gradually make cold storage what it ought to be—a blessing to the public and a power in reducing the cost of living.

Carnegie was buried simply. His funeral cost less than that paid for by many a poor woman, giving up her last dollar and mortgaging her future, to bury "a respectable funeral" for the father of her children.

You have seen the long lines of dismal black carriages, filled with friends and strangers, going to a poor grave paid for by some poor woman—every such procession is a disgrace to any church encouraging or permitting it.

Kolchak, distinguished "Savior of Russia," picked out by the United States and the Allies, as the solution of the Russian problem, is travelling at high speed through the Ural Mountains, the Bolsheviks pursuing.

And the United States "is rushing arms and ammunition, money and automobiles to Kolchak, hoping they will get there in time to save him."

Save him from what?

What has this country to do with picking up a ruler for Russia? Must the Government make an idiot of itself, earn the contempt of the Russians, by foolish choosing and inefficient action?

Why are we trying to put our own choice at the head of the Russian Government? Is it because some foolish American bankers bought Russian bonds, when a child of seven might have known that the Russian revolution and REPUDIATION were coming?

If this Government is so much worried about those bonds, why not pay the American bankers their loss? It would be cheaper in money and much cheaper in men than the present foolish scheme.

On Carnegie's coffin were plain handles of gunmetal, plain black cloth, and a plat of solid silver. That piece of silver, worth, perhaps, a dollar and a half, was all that he took into the grave with him. That ought to make some other rich men think.

To Carnegie and every other rich man may be applied the words of a well-known epitaph:

"That I spent, that I had,
That I gave, that I have,
That I left, that I lost."

Or, as the Jewish proverb has it: "What you give in health is gold, what you give in sickness is silver, what you give after death is iron."

was sent out today. In issuing the call, Secretary John D. Saunders, of the Chicago council declared: "In my opinion the men will not accept the offer. We cannot afford to accept this as the cost of living is going up. The men desire 85 cents an hour their original demands with back pay from May 1. The President should stop efforts to push through the League of Nations and consider the shopmen's demands."

PUBLIC IS ASKED
TO AID ROADS BY
CONSERVING CARS

The following statement was authorized here today by the Regional Director's office, Southern Region, United States Railroad Administration:

"Another shortage of freight cars is in prospect for the coming fall and winter. Instead of the surplus of equipment to be found on nearly all railroads during the dull days before the after-the-war business revival set in, every piece of equipment now is in use on many lines and only the most careful handling by the railroads with consistent and wholehearted co-operation from the shipping public can prevent serious interference with business."

Federal Managers have been called upon by the Railroad Administration to utilize equipment to the fullest possible extent, and particularly to see that cars are set in motion promptly upon being loaded or unloaded.

Shippers are asked to lend a hand both by reducing detention of cars to a minimum and by careful and heavy loading so that the greatest possible service may be had from each car. From a purely selfish business standpoint, of course, it is to the interest of the individual shipper and receiver of freight to do his part toward minimizing the effects of a car shortage from which he will suffer along with the public generally."

H. C. D. Running
Race With H. C. L.

(International News Service.) ST. LOUIS, Mo., Aug. 27.—The high cost of living is almost equalled by the high cost of dying.

The hospitals here have advanced the price of rooms 30 per cent. A funeral that once cost \$100 now costs \$160. The hearse driver who once was willing to work for \$9 now charges \$12. The grave that could be secured for \$30 several years ago has gone up to \$40, and the grave digger will not touch a pick and shovel for less than \$3 a day, whereas he used to work for \$1.50. Mourners must pay \$2 for a ride in an automobile to the cemetery instead of the former charge of \$1.50. The tombstone that used to retail for \$100 now costs \$125. Flowers also cost more.

Undertakers, cemetery keepers and monument makers who furnished these facts say that still higher prices are likely.

Steps to Insure
Coal Cars Taken

(International News Service.) WASHINGTON, Aug. 27.—Steps to insure an immediate supply of cars for the transportation of coal will be taken by Congress as a result of the first day's investigation of the coal situation by a sub-committee of the interstate commerce commission. One of the first recommendations of the committee will be that the railway administration will be called upon to show what efforts are being made to furnish all the coal cars needed by the mines.

"Transport problem appears to be the crux of the whole situation," the chairman declared.

PURINA SCRATCH FEED
PURINA CHICKEN CHOWDER
Why hens never lay half an egg!

The usual method of feeding mostly grain, makes yolks but not enough whites to complete the eggs. As the hen cannot lay these half-made eggs, she absorbs them back into her system. Missouri Experiment Station tests showed that 100 lbs. of wheat, corn, oats, barley and kafir corn make (above bodily maintenance) an average of 224 yolks but only 154 whites. Based on data from the same experiments, Purina formulates produce, (above bodily maintenance) as follows:

Purina Scratch Feed	247.49 yolks	142.11 whites
Purina Chicken Chowder	182.05 "	232.55 "
Combined Ration	429.54 yolks	424.66 whites

Note the perfect balance of yolks and whites and the large number of each. This combination of Purina Feeds makes the maximum number of complete eggs, eggs a hen will lay. That's why we can absolutely guarantee

more eggs or money back
on Purina Chicken Chowder if fed with Purina Scratch Feed as directed. You take no risk. Write for further information and for our

CALLED HER FAMILY TO HER BEDSIDE

Years Ago, Thinking She Might Die, Says Texas Lady, But No.
She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

Royse City, Tex.—Mrs. Mary Kilgus, of this place, says: "After the death of my little girl...my side commenced to hurt me. I had to go back to bed. We called the doctor. He told me...but I got no better. I was worse and worse until the misery was unbearable...I was in bed for six months and suffered such agony that I was just drawn up in a knot...I told my husband if he would get a bottle of Cardui I would try it...I commenced taking it, however, that night I called my family about me...for I knew I could not last any days unless I had a change for

the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less...I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life...I have never had any trouble from that day to this."

Do you suffer from headache, backache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial.

Three Aviators Have Completed Route

(International News Service.)
ROOSEVELT FIELD, Aug. 27.—Three American aviators had completed the 1,024 miles in the New York-Toronto aerial derby today when the flight began taking the air in America's greatest sky race. They were: Lieut. B. N. Maynard and Lieut. M. J. Plumb in a DeHavilland plane and Major Rudolph in a V. D. 7. The winner will not be known until all of the flights have been completed owing to the fact that the point system still is being used in keeping score. This is to give the users of high and low speed type of plane an equal chance for the \$10,000 prize and the trophies going with it. There was much speculation today over the whereabouts of Sergt. Combs, who has not been heard from since he left Albany yesterday on the return trip to the Canadian city.

How Girl Lured Man to His Death is Told

(International News Service.)
STOCKHOLM, Aug. 26.—How Dagmar Gysser, a beautiful 16 year old girl, lured Ardasjeff, a Russian patriot, to his death and then stood by calmly watching him in the agonies of death while she smoked a cigarette were brought out in the trial of the ring leaders of the "Russian Murder League" which opened in this city today. The members of the league are accused of murdering well known Russians because of their anti-Bolshevik activities.

Woman's Missionary Central M. E. Church

A most delightful afternoon was spent by the members of the Woman's Missionary Society of Central M. E. church, Aug. 25, at the home of Mrs. E. S. Johnson, who entertained the society at 4 p. m.

Korea of Today—subject. Mrs. J. J. Rose leader. Mrs. Dr. Crow, and Mrs. L. Proctor assisted in the program. Gratification was evident at the wonderful development of the Christ spirit in the mission fields and the rapid progress our missionaries are making in establishing Christ's Kingdom. A full budget of work awaited the President, and was dispatched.

The approaching Woman's District meeting under the supervision of Mrs. S. D. Johnson, Dist. Sec., Sept. 12-13 had its place in the work of the home. All members are urged to attend its sessions, as a rare treat is in store for those who come. Friday evening at the twilight hour, a prayer service will be observed at Central M. E. church in obedience to the call, that we may have a great awakening of the Holy spirit.

At the close of the meeting a most pleasant social hour was spent and refreshments served, Miss Lillie M. Tidwell assisting.

FUNDS ARE RAISED TO IMPROVE ROAD ON MOUNTAIN SIDE

J. D. Wisenand, of Beat 15, is here today in an effort to raise funds to aid in the construction of a pike down the mountain side near Whitesburg. The county, he stated, will give a dollar for each dollar raised by public subscription to complete the road.

Work was started last Monday and will be continued so long as the funds already subscribed last. The road is a part of the old Jackson trail and for about one mile and a half in Morgan county is said to be almost impassable. Its completion would enable the farmers of that section to get their crops to the river for shipment here and haul supplies from Albany-Decatur on the return trip. It is planned to spend \$5,000 on the highway.

Car Turns Over, 4 Occupants Unhurt

A Ford Sedan, owned by A. Bernstein and driven by Marvin Rankin was turned completely over yesterday afternoon on the Moulton pike but none of the occupants was hurt.

The car had started on the last stretch of the Booster trip and was about four miles from Albany when the accident happened. The car was occupied by the owner, A. Bernstein and his little son and Frank Emens. The top of the car was destroyed but it is thought that the mechanism was still in good condition.

A PROMINENT JACKSONVILLE MERCHANT SAYS

"MY FOOD DID NOT DIGEST, BUT FILLED ME WITH GAS—MY LIVER WAS SLUGGISH."

Went Over to Anniston and Bought Two Bottles of Dreco, and Now His Troubles are Gone.

"I thought I would simply have to stop eating because my stomach gave me so much trouble, and what I ate did me no good," are the words of that well known merchant, Mr. J. L. Gibley of Jacksonville, Ala.

"My health has been failing for several years, and I had been unable to find any medicine to build me up. I had given up hope of ever being my same old self again, because my food did me no good. I didn't get any strength from what I ate. It didn't seem to digest, but instead soured and turned to gas, which burned like fire and kept me bloated up."

"My liver was lazy, and every morning I'll get up tired and sluggish, with no energy for the day's work, and had dull headaches most of the time."

"One of my customers advised me to try the new remedy, Dreco, which was being so highly praised by persons living all around me, so I went over to Anniston and bought two bottles, and have taken them up. The change in my condition is noticed by nearly every one coming in my store. I feel so much better in every way. I eat big, hearty meals, and they always agree with me, and no gas to follow. My liver has been cleaned off and I sleep sound all night long. I am sure feeling better since I've been taking Dreco than I have in a long, long time."

Dreco being an herbal juice medicine, combines pleasantly with the juices of the stomach, and the results are quick, and lasting.

All good druggists now sell Dreco and it is highly recommended in Albany by Albany Drug Co. and in Decatur by Hilda Drug Co.—Advertises ment.

TOM MIX COMING IN BIG PHOTOPLAY AT DELITE TODAY

Tom Mix, one of the greatest exponents of the real life of the old West, will appear at the Delite theatre next Wednesday in his latest William Fox photoplay, "The Coming of the Law."

Based on the book by Charles Alden Seltzer, Mr. Mix has selected a fine cast for this play. He has Brownie Vernon for his leading lady.

"The Coming of the Law" is a story of Dry Bottom, New Mexico, to which town Mix, in the character of Kent Hollis, comes to succeed his father,

who was head of the Circle-Bar Ranch. He finds his father has died; also finds that cattle rustlers are running the town. Although Kent is a tenderfoot, he jumps in to clean up the place. He does so many amazing things that the rustlers are beaten by astonishment rather than by gun play. As usual, Mix does some stunts in this picture that take one's breath away.

TRAGEDY OF SURPASSING MOTHER LOVE DEPICTED IN ANITA STEWART PICTURE

Masonic Theatre Wednesday
Mother love of surpassing intensity

is pictured in "The Painted World," the Vitaphone picture starring Anita Stewart, which will be seen in the Masonic theatre on Wednesday. And it is the very intensity of the love which leads to the tragedy in her young daughter's life.

Yvette's mother makes her living as "The Masked Lady of the Moulin Rouge," and the story follows her desperate struggle to keep from the girl all knowledge of her own life and the existence of an unspeakable father.

It is the love of the girl for a man who demands that "the parents of any girl he marries shall be above reproach" that finally tears the mask from the mother and opens the way for the girl herself to enter the gates

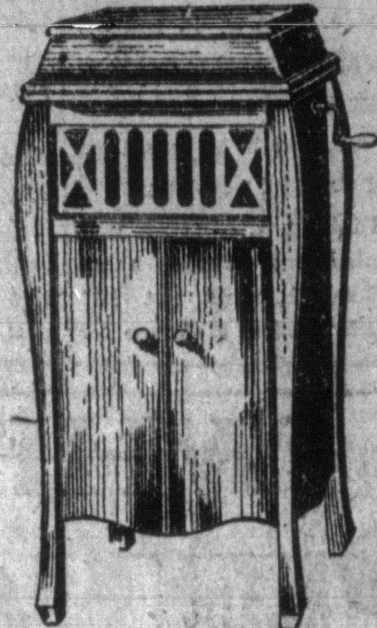

of the painted world which the old woman had sworn she never should pass.

What happens to Yvette when she enters is pictured in the final scene of this gripping back stage drama written for Vitaphone by Jacques Frelle, master creator of screen fiction, who perished in the Titanic disaster.

Ralph Ince, directed the picture bringing out all the dramatic highlights in the story and in the supporting cast are E. K. Lincoln, J. Swayze Gordon, Charles Kent and Harry Northrup.

TO MUSIC LOVERS:

\$75

We wish to present the Vitaphone to you, not as the only talking machine made, but as the one which contains within itself the most of the most desirable—the one which contains within itself the most of the most desirable qualifications.

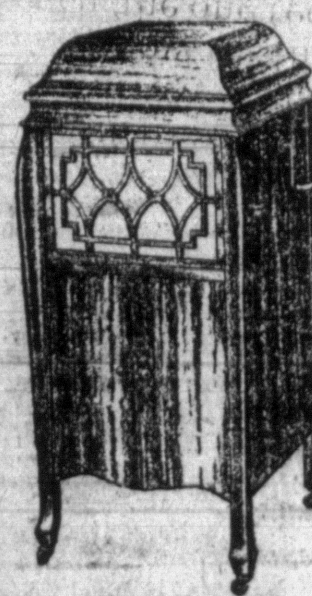

We know you are going to test our product along with the other first class makes. Here is the way to make your comparison: Get any model you wish side by side with the Vitaphone. Look at them. It is scarcely necessary for us here to praise the appearance of the Vitaphone. You can't help but see it.

For beauty of design, for perfection of finish, for sheer quality of materials and workmanship, the Vitaphone must unquestionably be the outstanding phonograph in your test array.

Now for the proving of musical quality. Judge impartially for yourself, the tone of each, the one requirement, which, after good looks, will prove the determining factor.

Take a series of records, play them one by one on the several instruments. For obvious reasons choose hard-to-play selections. Bag-pipe records, violin solos, soprano arias by Galli-Curci and Melba. In your bag-pipe records, for instance, there are unusual "wind" notes. You will find that on the Vitaphone alone these notes are given their full throaty value without shrillness or hissing. Come in today and let us demonstrate the Vitaphone to you.

Vitaphone Eight

A phonograph 43½ inches high could hardly be called "little," and so the Vitaphone illustrated doesn't need to be classed in the small size. Vitaphone Eight is, as we have said, 43½ inches high, 19 inches wide and 20¾ inches deep. Its beautifully constructed cabinet can be had in mahogany and quartered oak finish. The Vitaphone duplex tone arm with its "throw-back" feature, costly Vitaphone motor, the Fuller tone voice chamber, and each and every other Vitaphone refinement are in this instrument, notwithstanding its low price, ample space in cabinet below for records, with or without albums.

Price \$100

Vitaphone Ten

Money couldn't buy more in value than this charming instrument offers. It's so liberal in dimensions—46 inches high, 22 inches wide and 22½ inches deep. Built the Vitaphone way all through, with characteristic high quality, both from an artistic, as well as mechanical standpoint. This Vitaphone has big value written all over it. And the tone, regardless of what make record is played, cannot fail to enhance the splendid impression one forms of it. This model has all the betterments which have won enormous popularity for the Vitaphone.

Price \$135
In Mahogany.
Price \$145
In American Walnut.

Vitaphone Fourteen

The Vitaphone illustrated here is an impressive value. It has a 12-inch turn table, which, of course, accommodates any record, played with brilliant perfection of tone by the Vitaphone duplex reproducer. The mechanical refinements of every Vitaphone model are characteristic of this and the supreme quality of its cabinet work and finish are likewise typical.

Price \$200

\$225

Vitaphone Twelve

Here is a quality model that is perhaps the most striking value in our entire line. To be able to offer to our trade a talking machine 51 inches high for \$175 is indeed presenting a phonograph plus at a price minus. The remaining cabinet measurements of this Vitaphone—unusual even for an unusual line—are also extra generous. It is 23½ inches wide, and 24½ inches deep. Mahogany or quartered oak.

Price \$175
